

THE MENORAH: SPIRITUAL DYNAMICS

Understanding God's Light,
Righteousness, and Divine Connection

authored by Gregory Schadt

Introduction

The menorah is a central biblical symbol representing the light and manifesting the fullness of the creator God in multiple dimensions. The revelation of this insight is only through the Spirit of God himself. The name menorah is a Hebrew word meaning "Lamp" or "Lampstand". It is derived from the Hebrew root N-w-r signifying "To shine" or "To give Light".

The pattern for the menorah was given to Israel when God met Moses on the top of Mt. Sinai in Arabia.

The actual construction of this Lightstand was revealed by God and directed by Moses in Exodus 25-31 as part of the tabernacle design, showing that it is not man-made but divinely inspired. There was to be three branches extending on the left and three branches extending on the right with center candle in between both. It was cut from one cast workpiece.

The spiritual power of the menorah is that it originated from God and was translated from spiritual realm of heaven into the natural realm of a fallen earth as a result of man's free will decision to disobey his creator and become one with evil. Man and the earth were condemned and placed under a curse. All men to be born would be placed into this curse.

This is the reason that all religion created by man to unite with God is without power. Man is separated from his maker and eternally lost.

Only God Himself has the power to remove sin and the curse from man and the earth.

ISAIAH 11

Man's only hope is in Holy Spirit empowered heart repentance. This allows the spiritual blood of God himself to be applied to man's spirit. This spiritual blood is an extension of the physical blood shed at Calvary. This was the blood of God's repentance for the sins of mankind. It is applied to every man at the moment of heart repentance. The person is washed clean of sin. Water baptism binds spiritual forces in water. As man rises out of the water, demon forces on the earth under Lucifer's dominion are bound in the water. Man's spiritual ears are no longer blocked, now he is able to hear the word of salvation.

The menorah itself is similar to the blood of Christ, it transcends the physical realm and extends into the spiritual realm , as a rainbow of Light reaching into the Throne room of God from a cursed earth in the fallen darkness of sin's rebellion .The menorah therefore stands as the Light of eternity ascending out of the darkness into the mighty citadel of God's glory.

The seven scepters of the seven spirits of God Himself. There are the three branches extending Left and three branches extending right with the center candle in the center. The lamp stand is the Light of the fullness of God in his three part presence and His seven spirits.

More than a physical lampstand, the menorah reflects how God reveals Himself to humanity. It represents divine illumination, spiritual truth, and the way God meets man.

Key insight :

The menorah is a revelation of God as light entering the world.

The symbol of the nation of Israel

14th May 1948; The supernatural rebirth of the nation of Israel was brought forth. This was the prophetic rebirth of the nation God created when He made a covenant with Abraham. In 700 BC Isaiah prophetically wrote; **Isaiah 66:8**

"Who has heard such a thing? who has seen such things? Shall the earth be made to bring forth in one day? Or shall a nation be born in an hour? For as soon as Zion travailed, she brought forth her children."

The Book of Isaiah was found intact as part of the Dead Sea Scrolls, 250 BC. The manuscript matched the book of Isaiah in today's Bible.

Israel's rebirth was connected to the following events

13th May, 1948; The government of the Yish (Jewish community) convened. Its purpose was to decide on a name for the nation to be. The name for this new nation was voted on to be Israel.

14th May, 1948; (extension)

The United Nations voted on the Balfour Declaration of 1917. This declaration of Lord Balfour of England affirms the establishment of a future homeland for the Jewish people. The vote took 7 minutes. The result was the founding of today's nation of Israel. A people who were scattered into the nations in 70 AD, were given a homeland again. They were regathered into their ancestral land. The final age had begun as prophesied by several prophets throughout the Bible.

15th May, 1947;

The government of Israel convened again. This time it was to decide on the symbol for this new nation. The vote concluded that the symbol of the nation of Israel would be the seven-lamp stand, the Menorah.

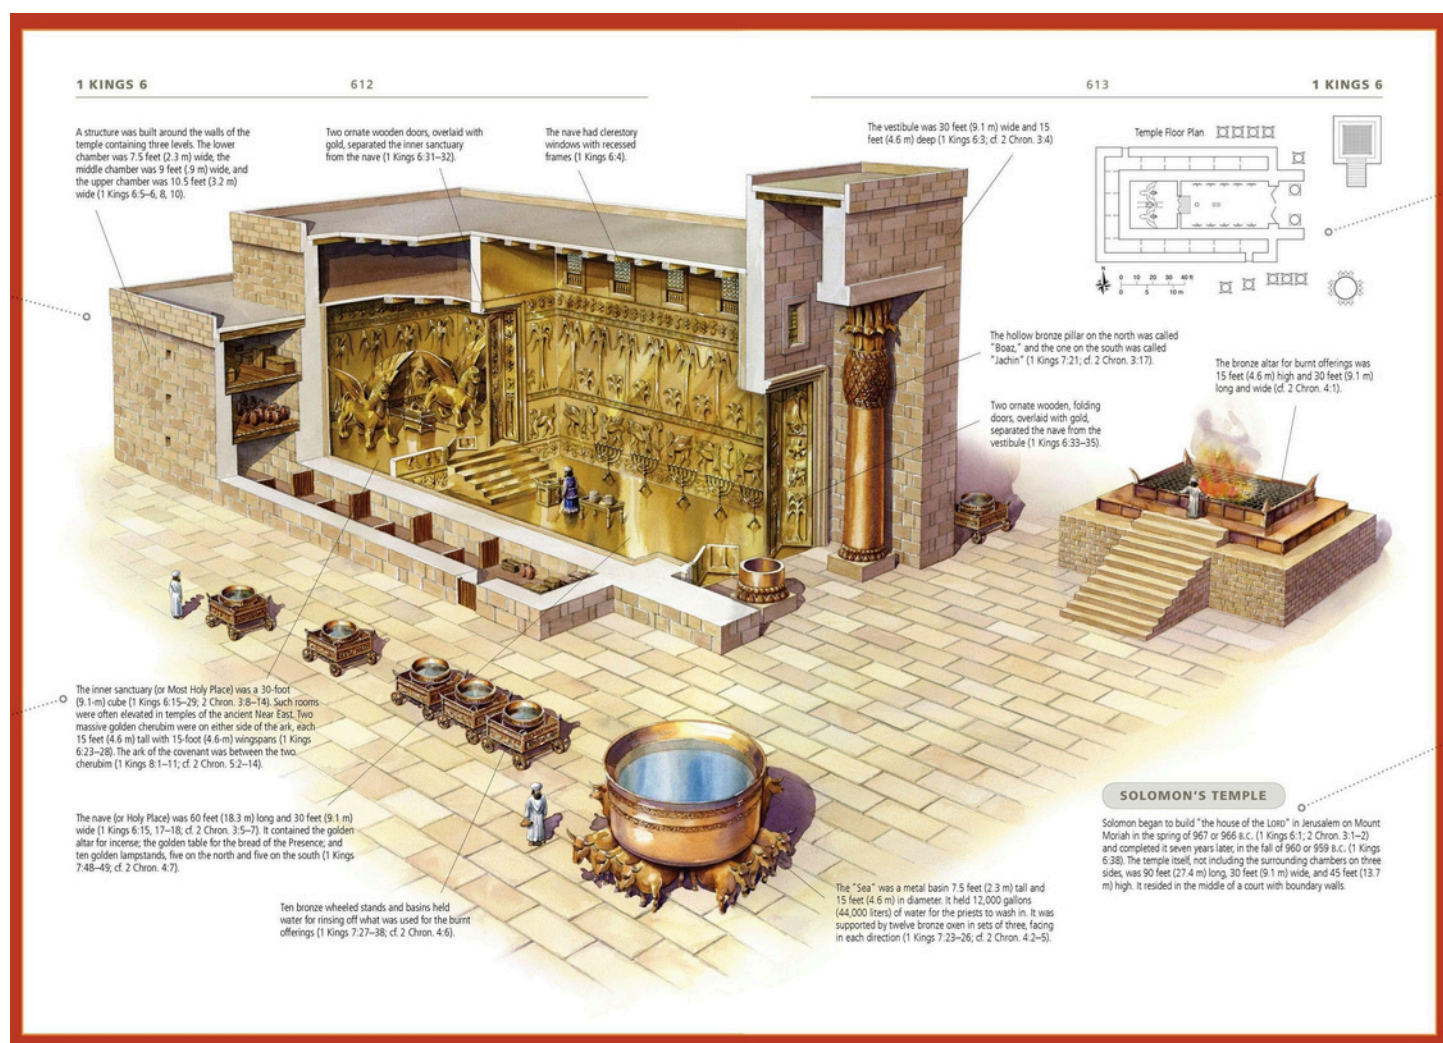

Righteousness

In the Holy of Holies of Solomon's temple there were two Cherubim. These Cherubim are referenced in their construction in **1 Kings 6** and **2nd Chronicles**. God instructed Moses as to their formation as He had on the menorah. The wings of the Cherubim extend outward. They are five cubits in length. They touch the walls and touch each other. Five is the Hebrew number standing for **Grace**. This can be seen in the pattern of the construction of the tabernacle where God was to meet man. It was in sequences of five. The Biblical numerology of the number **5** is recognized as symbolizing God's grace, goodness and favor towards humanity. It represents grace upon grace, divine favour. They can be seen as pigeon and dove set side by side when the Lord made a covenant with Moses for the inheritance of the land He was giving to Israel. Three animals each three years old and cut in half. Then spread side by side.

The pigeon and the young dove were placed next to one another.

In **Ezekiel 41: 18-19** we see that the Cherubim had two faces each facing toward one another with a palm tree between them. They had the face of a man each looking toward one another. Through looking, they were touching.

The palm tree itself was between each Cherub. Here there is analogy of the leaves of the palm trees being equivalent to the wings of the cherubim. Here both can be seen as God's

righteousness in the Holy of Holies. Now we understand why on Jesus entrance into the temple, the people were waving palm leaves and were spreading down over their clothing . While doing this ,they chanted Hosanna , “save us “. This is taken from **psalm 118** in trusting in the Lord for salvation.The Psalm then connects to righteousness as i verse 19 and 20.

Psalm 118:19–20

“ Open to me the gate of righteousness; I will go into them, and I will praise the Lord

This is the gate of the Lord into which righteousness shall enter.”

The gate of the Lord is the mind of Christ , righteousness.

The Book of Revelation references palm leaves as God’s righteousness in chapter 7 verse 9.

“After these things , I beheld, and Lo ,a great multitude stood before the throne and in the presence of the Lamb clothed with white robes and with palms in their hands.”

The marriage of the palm tree and the menorah can also be seen in the four square center of the correct flag of the nation Haiti.

In this flag’s center, the menorah is subliminally seen and the center gold candlestick.

*This flag itself is supernatural. The color blue, purple and scarlet is the imagery of God meeting man , **Exodus 25–31** and Jesus robes. The format for the flag center is from the United States army seal of 1775. A fullness of the insight to this flag will come, as the symbols can be found in the Bible and the design interpreted in **Zechariah 4**.*

The Bible itself continually sets a dual picture before it’s readers. We see the physical blood from the cross and the High Priest offering to the spiritual blood applied to the spiritual heart for cleansing from sin.

The menorah itself is seen as a lamp stand and yet when seen as these seven colors of the rainbow when merged to one become Light. “God is Light”, **1John1:5, 1John4:8**,

Now let us into the duality of the wings of the Cherubim:

Solomon’s temple the Cherubim had two wings each .

In **Ezekiel1:6**, they are referred to as living creatures each having four wings.

In **Isaiah6:2**, here they are noted as Seraphim having six wings each.

Now let us merge the Seraphim with six wings into one and , behold , you have the menorah. The menorah is a manifestation of God 's three part fullness and His seven spirits equal to the rainbow ,the formation of Light. The reference to Cherubim, living creatures and Seraphim are

individual to themselves and yet set in generic similarity.

universal duality moves through the fullness of God's word .

Examples are when something is repeated twice , the larger or more solid is Jesus , the small with light reference is the Holy Spirit. They move side by side and are woven through God's three part fullness. In **psalm 119 :105** - “ Thy word is a lamp to my feet and a light to my path “

: lamp - Jesus :

Light - Holy Spirit .

The

This marries into **Mathew 25** , ten virgins with lamp, 5 had oil, 5 did not: virgins-born again; oil - Holy Spirit heart repentance in contrast to human, emotional repentance.

In the first , an actual death occurs to the old man and a new creation in Christ is birthed as when the third iron pierces Christ heart on the cross. In the latter, no actual spiritual death took place . The old nature has remained in place.

They have prayed the sinners prayer , however it was emotional only. They are deceived.

This is why in **Mathew 7** , they cry out we prophesized, healed and removed demons in your name.

Jesus turns to them as He does in **Luke 13** and says , “ *Depart from me you doers of iniquity , I never knew you .*”

Now you see why many are prophesing christianity but are not a new creation in Christ . This includes many church going christians , elders , pastors and even Bishops. Many questions are answered here.

Other dual connections can be seen with the fire and the smoke, the pillars of Solomon's temple , the two stones , the Thummim and the Urim. In another dimension you will see **Psalms 95 - 97 - 98** have connecting word elements within them. These interfacing are throughout the Bible and yet set in a continual tapestry of God's three part fullness.

CONCLUSION

The menorah reveals God as light, the source of truth, and the one who restores humanity.

Through the menorah, the cherubim, and the palm, we see a unified message: God, through His grace and righteousness, provides a way for man to return to Him.
